WILSON WATCHES RAILWAY STRIKE MENACE

SETTLEMENT BELIEVED POSSIBLE

Commissioner Of Mediation Says Nothing Can Be Done Immediately.

6000 IN SOUTH SEND IN APPEAL

Ask Congress Not To Allow 20 Percent Of Employees To Call A Strike.

WASHINGTON, D. C., Aug. 4.—Judge William L. Chambers, commissioner of the United States board of mediation and conciliation conferred with president Wilson today over the threatened strike of 400,000 railroad employees. Judge Chambers told the president he believed there was nothing formal that the government must do until the meeting next week of the railroad managers and the representatives of the employees, after the strike vote count has been completed. Judge Chambers thinks there is still a chance for the employers and employees to reach an agreement.

Petition Sent to Congress.
Nashville, Tenn., Aug. 4.—A movement looking to an appeal to congress for decisive action to prevent a strike on the railroads of the country has been inaugurated by employees on the Nashville, Chattanooga & St. Louis railway. A petition signed by 6000 men sets forth that 20 percent of the employees, representing the brotherhoods, should not be allowed to throw the 80 percent out of work and calls upon congress to see that trouble is averted.

Senate Committee Tabled Resolution.
The senate commerce committee today voted to table senator Newland's resolution to direct the interstate commerce commission to investigate and report to congress on wages and hours of service of each class of railroad employees, because action was deemed inadvisable, pending mediation and arbitration of disputes between the railroads and their employees.

The committee had before it a resolution on a written request from the chamber of commerce of the United States, which asked for hearings.

The committee had before it a letter from the brotherhoods, as follows:

Brotherhoods Urge Neutrality.
"The railway managers and the representatives of the railroads' organizations will confer in New York early in August and will discuss the strike. The interstate commerce commission should remain neutral at least until jointly called upon by the national conference committee of the railway managers and representatives of the railroad brotherhoods, and we respectfully suggest the course of action."

Union Leaders Meet.
New York, Aug. 4.—Conferees of the leaders of the four great brotherhoods of railroad employees representing 400,000 men, the majority of whom are ready to have voted to strike on the railway systems, were held here today.

These meetings were to enable the leaders to decide upon their course of action, the representatives of the railroads again refuse their demands for an eight hour day and other changes.

Thus far more than 75 percent of the 400,000 votes have been counted. Nearly all it was announced, favor a strike. The western ballots began arriving today.
